

BRODIE European

AUDI AND VOLKSWAGEN SPECIALISTS

AUTOMOTIVE TECHNICIAN

- Audi, Volkswagen Or Skoda Skills & Experience Required
- Full Time Position - Excellent Working Conditions
- Competitive Hourly Rate
- Auckland City Fringe Location – With Parking

Due to continued growth over the past few years, we are searching for an additional experienced diagnostic and mechanical Technician to support the team so that we can continue to provide responsive and outstanding service to our customers.

This role would suit someone who has come out of a big dealership but is looking for a role where they are a key member of the team and can use their skills and experience to really make a difference and work a lot closer to the end user. We pride ourselves on our customer focus and being a NZ owned and operated business, so it is important that you share these values.

Your key responsibilities would include:

- Undertaking a wide range of mechanical work associated with servicing, diagnosis, maintenance and repair
- Maintaining a high level of workmanship and documentation
- General workshop duties
- Keeping up to date with relevant training and supporting less experienced technicians

You will have:

- Relevant mechanic/technician qualification & experience
- Previous experience in a similar role being competent in all mechanical and electrical aspects
- Audi, VW or Skoda experience
- Good written and verbal English and communication skills
- Current drivers licence

Brodie European is Auckland's fastest growing alternative Audi & Volkswagen service centre. It's 100% New Zealand owned and lead by Cameron Brodie, a specialist Audi and Volkswagen technician with over 14 years experience in New Zealand and the UK. We have the latest computer diagnostics and are an established family business with good old fashioned values and a close-knit team. Check out our website – www.brodie-european.co.nz

Please email a cover letter/email and your CV to jo.yearsley@sonata.co.nz.
